Parenting with Cancer Group

Join us for this monthly virtual group that will provide emotional and practical support for adult cancer patients who are parents.

Attending this group will offer:

- Strategies on how to communicate with your children about your cancer diagnosis/prognosis (age specific)
- Opportunities for connection and discussion of experiences with other parents with cancer
- Resource and referral sharing for your families specific needs

Facilitators: Madison Galvin *MA, CCLS* and Kate Donahue *CTRS*
Families Facing Cancer and Adolescent & Young Adult Program
